4. INFORMATION FOR NEW STUDENTS

The ESOS framework – providing quality education and protecting your rights

The Australian Government wants overseas students in Australia to have a safe, enjoyable and rewarding place to study. Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS framework and they include the Education Services for Overseas (ESOS) Act 2000 and the National Code 2018.

Protection for overseas students

As an overseas student on a student visa, you must study with an education provider and in a course that can be found on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) at <http://cricos.education.gov.au/>. CRICOS registration guarantees that the course and the education provider at which you study meet the high standards necessary for overseas students.

Please check carefully that the details of your course – including its location – match the information on CRICOS.

Your rights

The ESOS framework protects your rights, including:

- Your right to receive, before enrolling, current and accurate information about the courses, fees, modes of study and other information from your provider and your provider's agent.
- If you are under 18, to ensure your safety, you will be granted a visa only if there are arrangements in place for your accommodation, support and welfare.
- Your right to sign a written agreement with your provider before or as you pay fees, setting out the services to be provided, fees payable and information about refunds of course money. You should keep a copy of your written agreement.
- Your right to get the education you paid for. The ESOS framework includes consumer protection that will allow you to receive a refund or to be placed in another course if your provider is unable to teach your course.

The ESOS framework sets out the standards Australian education providers offering education services to overseas students must obey. These standards cover a range of information you have a right to know and services that must be offered, including:

- Orientation and access to support services to help you study and adjust to life in Australia
- Who the contact officer or officers is for overseas students
- If you can apply for course credit
- When your enrolment can be deferred, suspended or cancelled
- What your provider's requirements are for satisfactory progress in the courses you study and what support is available if you are not progressing well
- If attendance will be monitored for your course, and
- A complaints and appeals process.

One of the standards does not allow another education provider to enrol a student who wants to transfer to another course but has not completed six months of the final course of study you plan to undertake in Australia. If you want to transfer beforehand you need your provider's permission.

If you are under 18, to ensure your safety, you will be granted a visa only if there are arrangements in place for your accommodation, support and welfare.

Your responsibilities

As an overseas student on a student visa, you have responsibilities to:

- Satisfy your student visa conditions
- Maintain your Overseas Student Health Cover (OSHC) for the period of your stay
- Meet the terms of the written agreement with your education provider
- Inform your provider if you change your address
- Maintain satisfactory course progress
- If attendance is recorded for your course, follow your provider's attendance policy, and

- If you are under 18, maintain your approved accommodation, support and general welfare arrangement

6. NATIONAL CODE OF PRACTICE

The Department of Education (DOE) regulates the education and training sector's involvement with overseas students studying in Australia on student visas. It does this through the Education Services for Overseas Students legislative framework. This protects Australia's reputation for delivering quality education services and the interests of overseas students, by setting minimum standards and providing tuition and financial assurance.

The legislation mandates a nationally consistent approach to registering education providers so that the quality of the tuition, and care of students, remains high. The professionalism and integrity of the industry is further strengthened by the ESOS legislation's interface with immigration law. This imposes visa related reporting requirements on both students and providers. The National Code of Practice 2018 is established under the Education Services for Overseas Students (ESOS) Act 2000. On 1 July 2007 the original National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students was substantially revised to improve clarity and to give institutions more flexibility. For students the changes brought about greater protection. This National Code sets out guidelines for the ethical conduct of registered providers like Canterbury Technical Institute (CTI). CTI offers study programs in accordance with the requirements of the Education Services for Overseas Students (ESOS) Act 2000.

As an education provider CTI understands and implements the National Code for the following purposes:

8. The ESOS framework

- providing quality education and protecting your rights

The Australian Government wants overseas students in Australia to have a safe, enjoyable and rewarding place to study. Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS framework and they include the Education Services for Overseas (ESOS) Act 2000 and the National Code 2018.

Protection for overseas students

As an overseas student on a student visa, you must study with an education provider and in a course that can be found on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) at <https://internationaleducation.gov.au/regulatory-information/pages/regulatoryinformation.aspx>.

CRICOS registration guarantees that the course and the education provider at which you study meet the high standards necessary for overseas students.

Please check carefully that the details of your course – including its location – match the information on CRICOS.

Your rights

The ESOS framework protects your rights, including:

- Your right to receive, before enrolling, current and accurate information about the courses, fees, modes of study and other information from your provider and your provider's agent.
- If you are under 18, to ensure your safety, you will be granted a visa only if there are arrangements in place for your accommodation, support and welfare.
- Your right to sign a written agreement with your provider before or as you pay fees, setting out the services to be provided, fees payable and information about refunds of course money. You should keep a copy of your written agreement.
- Your right to get the education you paid for. The ESOS framework includes consumer protection that will allow you to receive a refund or to be placed in another course if your provider is unable to teach your course.

The ESOS framework sets out the standards Australian education providers offering education services to overseas students must obey. These standards cover a range of information you have a right to know and services that must be offered, including:

- Orientation and access to support services to help you study and adjust to life in Australia
- Who the contact officer or officers is for overseas students
- If you can apply for course credit
- When your enrolment can be deferred, suspended or cancelled
- What your provider's requirements are for satisfactory progress in the courses you study and what support is available if you are not progressing well
- If attendance will be monitored for your course, and
- A complaints and appeals process.

One of the standards does not allow another education provider to enroll a student who wants to transfer to another course but has not completed six months of the final course of study you plan to undertake in Australia. If you want to transfer beforehand you need your provider's permission.

If you are under 18, to ensure your safety, you will be granted a visa only if there are arrangements in place for your accommodation, support and welfare.

Your responsibilities

As an overseas student on a student visa, you have responsibilities to:

- Satisfy your student visa conditions
- Maintain your Overseas Student Health Cover (OSHC) for the period of your stay

- Meet the terms of the written agreement with your education provider
- Inform your provider if you change your address
- Maintain satisfactory course progress
- If attendance is recorded for your course, follow your provider's attendance policy, and
- If you are under 18, maintain your approved accommodation, support and general welfare arrangements

3. Every student has an opportunity to formally present his or her case with the Principal Executive Officer or Student Services & Academic Manager. The student is welcome to bring a support person if he/she wishes to.
4. If the resolution reached is not to the satisfaction of the student, he has a further right of appeal, which has to be done in writing, "complaint form" to the Principal Executive Officer or Student Services & Academic Manager.
5. The written statement will detail the issue and the outcomes reached by other staff members, including reasons for the decision and a rationale for the appeal.

6. The student needs to include all relevant information within their documented complaint.
7. The student may submit the documented complaint in writing by letter, email or in person to the Principal Executive Officer or Student Services & Academic Manager.
8. The Principal Executive Officer or Student Services & Academic Manager may direct another relevantly qualified trainer to reassess the submission and the outcome of this assessment will be deemed final and close the complaint.

19. STUDENT RPL & COURSE CREDIT INFORMATION AND REQUIREMENTS

Recognising Prior Experience and Skills

National Recognition (Recognition Of Qualifications Issued By Other RTO's)

National recognition is the process that recognises qualifications or Statements of Attainment issued by another Registered Training Organisation that are the same as the competencies in the program you are enrolled in.

To receive recognition for previous study, you do NOT need to be enrolled in the program. However, you will need to provide certified copies of your qualifications, Statement of Attainment along with your RPL form to the institute to assess your eligibility for RPL. For further information on RPL & Qualification recognition please contact the reception or alternatively email rahul@cti.qld.edu.au

Recognition of Prior Learning (RPL)

CTI recognises the prior learning of students based on:

- previous training, (includes overseas qualifications)
- formal study and acquisition of a qualification and statements of attainment from another RTO
- practical experience in a work environment
- projects undertaken, and
- life experiences

All students are advised of the availability of RPL during the enrolment process. Education consultants advise international students regarding RPL standards during the application process. International students can request RPL forms by emailing to rahul@cti.qld.edu.au. For onshore / local students, RPL form can be also requested from the Student Services & Academic Manager- andrea@cti.qld.edu.au.

All staff (especially trainers and assessors) are informed about CTI's obligation to recognise AQF qualifications and statements of attainment issued by other RTO's.

Assessments of RPL evidence provided by the applicant will be made against the evidence requirements outlined in the unit of competency.

Procedures

1. Students will be advised that RPL is available through the Student Handbook, Web site, Marketing brochures and the Induction Program and Marketing Field Officers (Domestic).
2. The Student Services & Academic Manager will facilitate the RPL process for requests received. A qualified trainer (delivery & assessment) will conduct the RPL process.
3. The results of the RPL requested will be reported back to the student within 2 weeks of the applications received.
4. Students who request an RPL assessment will be advised of the evidence required and suggestions of how to obtain it (e.g., supervisor evidence, previous projects, transcripts of qualifications completed, work experience, in-service training, distance education or open learning, community-based learning, or overseas education, training or experience etc.).
5. Students must complete the RPL form, attach the required evidence, and submit at a date specified by the designated RPL Assessor for assessment.
6. If RPL is approved, the applicant will be marked as "Exempted" rather than "Competent" in the transcript of records.
7. The applicant will be notified in writing of the outcome of the RPL. On the basis of the assessment the student will be advised that:
 - the application has been granted or
 - the application has been denied or
 - further evidence is required

8. If the outcome of the evidential documentation is not sufficient, then the student will be advised to provide further documentation to validate his or her skills / experience. The Trainer will set a date for the additional documents to be submitted.
9. If the student fails to furnish the required documents, he / she will have to enrol for the unit in question alternatively if he/ she succeeds, RPL will be awarded.
10. If the student is not satisfied with the outcome, the matter will be referred to the Principal Executive Officer for an independent evaluation and review of the evidence and the assessment process.
11. The student must sign a record of the RPL report. A copy will be placed in the student's file.

Where expert assessors are required, the Student Services & Academic Manager will contact the relevant industry-training organisation (ITO) and identify a recognised assessor. Only qualified assessors will be contracted in this case, as recommended by their ITO. RPL assessors should have:

- An understanding and ability to carry out a wide range of assessment techniques;
- The ability to judge diverse evidence fairly and accurately;
- The ability to draw inferences based on the evidence presented;

If CTI grants the student RPL prior to the student being granted student visa, CTI will indicate the actual net course duration (as reduced by course credit) in the confirmation of enrolment (COE) issued for that student for that course, OR

If the RPL is granted after the student visa is granted, CTI will report the change of the course duration via PRISMS under section 19 of the ESOS Act.

Where RPL is granted, the student's training and assessment program will be reviewed so that student has a full-time load to ensure that full-time study requirements are being met.

RPL Policy for overseas qualification

Verification of vocational / academic competence

CTI will endeavour to verify all academic qualifications & vocational competence by assessing overseas qualification and via the interview process, if required.

All overseas qualification achieved will be reviewed and assessed through the Australian Education International (AEI), through the National Office of Overseas Skills Recognition (AEI-NOOSR) guidelines to check its relevance and its standards within the Australian Education framework.

<https://internationaleducation.gov.au/services-and-resources/pages/qualifications-recognition.aspx>

Students applying for RPL into CTI's training package units will have to provide a verified overseas qualification, a transcript and a detailed breakdown of the curriculum covered under the units that the student is claiming RPL for. CTI will employ a suitably qualified assessor to conduct the assessment of the RPL request. CTI will advise the student the result of the RPL application within 2 weeks from the date the application is received.

Students applying through CTI approved agents will have to meet the minimum entry requirement as detailed in the "entry requirements" section in the CTI marketing brochure. All qualification documents submitted by the students will be initially reviewed and verified by the recruiting agent as per the student selection procedure. CTI will review the agent's decision and confirm if the student meets the pre-requisite knowledge & skills requirement, prior to issuing the "Letter of offer" in the Written Agreement.

LLN

All students have the option to be assessed in order to ascertain whether their Language Literacy and Numeracy skills are sufficient to successfully complete the training program. Those who require further support will be advised to seek this with a qualified expert; there are a number of training organisations able to provide this service. Suitable courses will be discussed at intake interview. Any costs incurred will be the responsibility of the student.

CTI's procedure for agents to verify entry requirements prior to student enrolment.

1. Agents receives a student application for enrolment
2. Agent advises the students of the entry requirements
3. Student submits all required documentation including all qualifications, transcripts, and work experience to meet the entry pathway requirements. All original documents need to be sighted by the agent. No photocopies are accepted
4. The agent verifies the qualification & transcript to check if it meets the skill requirements as prescribed by CTI in its "**Verification Tools for CTI's international student recruitment agents**". Agent will cross check with the local training provider the validity, if required.
5. If approved, the agent completes and attaches all required documents to the CTI application form.
6. Agent forwards all documents to CTI.

Student Services & Academic Manager and Marketing Manager check all documents including student enrolment form and GTE requirements and advises agent if the student is accepted. If accepted, a written agreement and offer letter is issued to the student. If not, the agent is advised of the missing documents or the in competencies of the applicant.

Student selection procedure for agents

V2017.35-090817

22. STUDENT ACCESS & EQUITY

During the enrolment & orientation process, all potential candidates will be offered an opportunity to discuss any special or additional needs that they may require to fulfil their study requirements. This would be with regards to any arrangements they would need while being a student at CTI. For example: Children, family commitments, disability or medical condition, other commitments, and religious obligations.

The Student Services & Academic Manager (SSM) / Marketing Manager/ Principal Executive Officer (PEO) will make a note of this on the student application form OR add notes to the students' enrolment file (on RTO Manager) and will evaluate it during the time of final selection. CTI will exercise the right to approve / disapprove any special needs or requirement that the candidate might have depending upon the feasibility and CTI's capacity to make it available.

This exercise will assist CTI to deploy additional resources to accommodate potential student's learning needs to achieve the desired outcome and offer equal learning opportunities.

Procedure

1. During the enrolment CTI representative (Authorised agent) will ask the prospective student if they have any special needs. OR the PEO will ask the student on the orientation day if they have special needs.
2. The Agent / PEO / Marketing Manager/ SSM will make note of it on the "Application Form" and discuss the possibilities of approval.
3. The SSM will analyse the special needs or requirement of the student in comparison to CTI's ability to make it available.
4. If the candidate is selected, the SSM will further discuss (verbal) the needs with the selected student and inform them on arrangements would be made to accommodate their needs.
5. The student then would have the final option of either accepting the position or rejecting it, depending on the accommodations suggested by CTI.
6. CTI will advise the student during the induction process, prior to the commencement of studies of the arrangement made for the student.

LLN

All students have the option to be assessed in order to ascertain whether their Language Literacy and

Numeracy skills are sufficient to successfully complete the training program. Those who require further support will be advised to seek this with a qualified expert; there are a number of training organisations able to provide this service. Suitable courses will be discussed at intake interview. Any costs incurred will be the responsibility of the student.

23. CRITICAL INCIDENT POLICY & PROCEDURES

Policy

Preamble

Under standard 6 of the National Code 2007, CTI will support students to adjust to study and “life in Australia”, to achieve their learning goals and to achieve satisfactory academic progress towards meeting the learning outcomes of the course.

The intention of standard 6 is to ensure that appropriate support services are available to international students to ease the transition into the life and study in Australia and allow access to appropriate assistance for the student as needed.

In addition, CTI will support students to adjust to the life and study in Australia, to achieve their learning goals and to achieve satisfactory academic progress.

Principles

CTI recognises the duty of care owed to its students and that planning for the management of a critical incident is essential.

Definition

A critical incident is defined by the National Code as “a *traumatic event, or the threat of such (within or outside Australia), which causes extreme stress, fear or injury*”.

- Non-life-threatening events could still qualify as critical incidents.

Critical incident team (CIT)

When a critical incident occurs, the Principal Executive Officer (PEO)/ Student Services & Academic Manager (SSM) will call a meeting with the appropriate staff to form a CIT. The PEO & SSM will be core members of every CIT.

The CIT is responsible for:

Action Plan

The CIT will set in motion a critical incident action plan to manage various aspects arising from the incident including communication strategies. This will include:

- Creating and disseminating a plan and its procedures
- A review of the plan, and
- Staff development and training

Media Management

A media management process will be included in the management plan to ensure the most positive and supportive response from the media.

Reporting and recording of incident and action taken

The ESOS Act requires the college to notify DOE and DHA as soon as practical after the incident and in the case of a student's death or other absence affecting the student's attendance, the incident will need to be reported via the PRISMS.

When an international student dies or sustains serious injury, CTI will assist the student's family.

This may include:

- Hiring interpreters
- Making arrangements for hospital/funeral/travel/memorial service/repatriation
- Obtaining a death certificate
- Assisting with personal items and affairs including insurance issues

24. ACADEMIC COURSE PROGRESS POLICY

Under Standard 8 of the National Code 2018, CTI implements the DOE-CRICOS Course Progress Policy and Procedures for its vocational education and training (VET) courses is not required for ESOS purposes to monitor attendance for those courses.

CTI chooses to implement the DOE-CRICOS Course Progress Policy and Procedures and implements the policy and procedures for all of its CRICOS registered VET courses.

Policy

1. CTI will monitor, record and assess the course progress of each student for the course in which the student is currently enrolled.
2. CTI will assess each student's progress at the end of each compulsory study period.
3. CTI study periods are usually 10-week terms to make an assessment of a student's course progress.
4. Unsatisfactory progress is defined as not successfully completing or demonstrating competency in at least 50% of the course requirements over a period of a semester (2 terms, which is approximately 6 months).
5. When a student has not passed or demonstrated competency in 50% (at least competent in 1 term) or more of the course requirements over a semester
6. CTI will initiate its **intervention strategy** for any student who is not making satisfactory course progress at the end of every term, depending on the student's results for every term.
7. The Academic Progress policy is made available to staff and students via Student / Staff handbook and specifies:
 - a. procedures for contacting and counseling students;
 - b. strategies to assist identified students to achieve satisfactory course progress; and the process which the intervention strategy is activated

Academic Progress & Student Intervention

CTI will maintain and monitor student's academic progress throughout the duration of the qualification. CTI will put in place all required student support services to assist them in achieving the desired results. Students are expected to achieve a minimum of **50% pass rate** in every term. Students failing to do so will be counselled and warned before they are directed to re-enrol into the course or their enrolment cancelled. Students will not be given any extension at the end of the qualification if they have not completed all the required units of competencies.

An intervention strategy could be activated by:

- a letter to the student;
- personal contact with the student by CTI's authorised staff member;

The intervention strategy will specify what additional support will be provided to students at risk of not meeting satisfactory course progress requirements. Strategies for assisting students at risk could include, but are not limited to, the student:

- attending academic skills programmes;
- attending tutorial or study groups;
- receiving individual case management;
- attending counselling;
- receiving assistance with personal issues which are influencing progress;
- receiving mentoring;
- being placed in a suitable alternative subject within a course or a suitable alternative course; or
- a combination of the above and a reduction in course load.

1. **The intervention strategy will include** provisions for:
 - a) where appropriate, advising students on the suitability of the course in which they are enrolled;
 - b) assisting students by advising of opportunities for the students to be reassessed for

- tasks in units or subjects they had previously failed, or demonstrate the necessary competency in areas in which they had not been previously able to demonstrate competency; and
- c) advising students that unsatisfactory course progress in two consecutive study periods for a course could lead to the student being reported to DHA and cancellation of his or her visa, depending on the outcome of any appeals process.
2. At the end of each compulsory study period, students will be assessed against the course progress policy. If a student is identified for the first time as not making satisfactory course progress, the intervention strategy is implemented. The intervention strategy will be activated no later than the first four weeks of the following study period.
 3. However, if CTI identifies that a student is at risk of making unsatisfactory course progress before the end of the study period, CTI will implement its intervention strategy as early as practicable.
 4. If a student is identified as not making satisfactory course progress in a second consecutive compulsory study period in a course, CTI will notify the student of its intention to report the student to DHA for unsatisfactory progress. CTI does this through the written notice.
 5. A student is identified as being at risk of not making satisfactory progress if their attendance drops below 80% and/or they are not assessed as not yet competent in at least half the units studied each study period.
 6. The written notice (of intention to report the student for unsatisfactory progress) will inform the student that he or she is able to access CTI's complaints and appeals process under Standard 8 and that the student has 20 working days in which to do so. A student may appeal on the following grounds:
 - a) CTI's failure to record or calculate a student's marks accurately,
 - b) compassionate or compelling circumstances, or
 - c) CTI has not implemented its intervention strategy and other policies according to its documented policies and procedures that have been made available to the student.
 7. Where the student's appeal is successful, the outcomes may vary according to the findings of the appeals process.
 - a) If the appeal shows that there was an error in calculation, and the student actually made satisfactory course progress (successfully completed more than 50% of the course requirements for that study period), CTI does not report the student, and there is no requirement for intervention.
 - b) If the appeals process shows that the student has not made satisfactory progress, but there are compassionate or compelling reasons for the lack of progress, ongoing support must be provided to the student through the provider's intervention strategy, and the provider does not report the student.
 8. Where:
 - a) the student has chosen not to access the complaints and appeals processes within the 20-working day period,
 - b) the student withdraws from the process, or
 - c) the process is completed and results in a decision supporting CTI (i.e. the student's appeal was unsuccessful) then CTI will notify the Secretary of DOE through PRISMS as soon as practicable of the student not achieving satisfactory course progress.

Procedures for monitoring Academic Progress & managing student Intervention

- Students will have to maintain a **50% pass rate** throughout each study period.
- **The student pass rate / competency will be demonstrated at the end of every study period, once the trainers have submitted the results of the study period to the administration department.**
- **The Student Services & Academic Manager & Office Administration will review all students results and identify and contact students via letter / phone / email who have been marked Not Yet Competent in more than 50% of units (NYC) to make an appointment to discuss their academic progress** (Ph: 07 3123 4055, email; rahul@cti.qld.edu.au)

- However, if CTI identifies that a student is at risk of making unsatisfactory course progress before the end of the study period, the Student Services & Academic Manager will implement CTI's intervention strategy as early as practicable.
- The Student Services & Academic Manager (SSM) will invite the student to a personal interview / counselling session by SMS, email or personal contact after receiving assessment results or after consultation with a trainer to understand the reasons causing low academic progress. The SSM will make recommendations / propose solutions to the students to improve their performance.
- The SSM will make notes of the meeting in the student management system (RTO Manager) for future reference and complete the "Student Intervention" form.
- Students failing to maintain the minimum course progress standard will be issued with **warning letter -1**. The student will be initially given an opportunity to discuss their reasons / problems with the SSM for their failure to achieve the minimum academic progress. This letter provides an opportunity to the student to discuss his/her situation with the SSM. The SSM will counsel the student and seek clarity on the issues and address any of their concerns. If however there is no further progress, a **second warning** with an intervention strategy is deemed necessary, the SSM will progress the case to the Principal Executive Officer (PEO) who will discuss the issues revolving around student's failure to meet minimum academic progress requirements. The PEO also informs the student that he/she will run a risk of his/her enrolment being cancelled and being reported to DHA via PRISMS.
- The SSM acts as a point of contact and offers initial and basic support to students on matters and issues that fall within his/her capacity. However, if the SSM considers the needs of professional counselling or support services for the student are not offered by CTI, then CTI will seek or recommend professional counselling agency to the student.
- The PEO will execute measures to rectify the issues to the best of his/her ability and monitor the student's progress in the following study period. This will be recorded in "Student Intervention Form", which will be completed by the PEO & SSM during the meeting and signed by the student.
- However, if the student continues to under achieve in a second consecutive study period and is deemed **Not Yet Competent**, despite attempts by the institution to assist him/her in his/her learning, following confirmation of assessment results, the Principal Executive Officer will issue the student an "Intent to report to DHA" letter via email, post or personal contact. This letter will state that the student's pass rate is lower than 50% in the current study period and he/she does not meet the minimum requirement as prescribed by DOE-CRICOS course progress policy.
https://www.asqa.gov.au/sites/g/files/net2166/f/publications/201701/fact_sheet_monitoring_and_reporting_on_overseas_students_course_progress.pdf?v=1500516414
- Students will have the opportunity to access CTI's complaints and appeal process within the next 20 working days of the "**Intent to report to DHA**" letter being issued to explain the reason why this decision should not be imposed by CTI.
- If the student does not appeal within 20 working days of the "warning letter" issue date, he / she will be reported to DHA via PRISMS. The PEO will sign off the enrolment cancellation decision.

25. ASSESSMENT

The programs offered by CTI incorporate competency-based assessments. The purpose of assessing competency is to confirm that you can perform to the standards expected in the workplace. Assessment is defined as the process of making judgments about whether competency has been achieved. You will be given the option of providing evidence that you meet the requirements of competency through Recognition of Skills and Experience or you can undertake training and assessment against the competency.

The assessor will advise prior to the commencement of training how the competency is to be assessed. Assessment will generally be progressive and involve more than one assessment item for each competency. Assessment items can include, but are not limited to: projects, case studies, oral questions, assignments, portfolios, written examinations, role plays, practical demonstrations or observation of activities.

Fulltime status of students

Students are not required to be enrolled full-time in their final semester, where the student has been required to repeat units. Students also can be classified as full-time student if they are enrolled in a single (final) unit in their final semester of their qualification.

Assessment Resit / Resubmissions

As a full-time student, student will **NOT** be allowed to resit any unit more than once, unless they have a valid and a genuine reason. Students who meet the attendance requirement will be offered 2 additional resit opportunities at a cost of \$50 per task after they have attempted the assessment task and still deemed NYC after the first 2 attempts. If a student is still deemed NYC then the student will have to re-enrol into the specific unit / cluster of unit and pay the pro-rata tuition fees.

Additional Cookery exam resit fee- \$500 + cost of consumables for the exam.

Student requiring any further details are welcome to discuss this with the Student Services & Academic Manager or the Principal Executive Officer.

- To avoid plagiarism you must properly acknowledge all information sources.
- If you have submitted your assessment item by the due date, and it is assessed as requiring additional work you can request an opportunity to resubmit the item. Only one resubmit will be granted for each assessment item.
- If you don't resubmit your assessment item by the due date you will be given the result of 'not yet competent' for that competency and you will have to re-enrol in that subject to gain competency.

NOTE: *Resubmissions will only be granted if the trainer considers that you have made a genuine attempt at the first assessment.*

Examinations

- You will be given at least two weeks' notice of examinations.
- If you are late for an examination more than 20 minutes, you may be refused entry.

- Special examination arrangements can be considered for students with disabilities, temporary incapacity or students who have been hospitalised during the examination period. Students who cannot attend the scheduled examination due to hospitalisation should apply to the Student Services & Academic Manager for a deferred examination, supported by appropriate documentary evidence. Candidates with special needs are appropriately accommodated.

NOTE: *Permission to re-sit an assessment will only be granted if the assessor considers that you have made a genuine attempt at the first assessment.*

Assessment Feedback

- You have the right to receive written feedback for an assessment item.
- It is your responsibility to contact the assessor to obtain the result of your assessment item and schedule feedback if you have not received results / feedback within one week of your assessment completion.

If you consider you will be disadvantaged, due to a disability or unusual circumstance, you may request an alternative assessment.

These requests:

- Should be submitted directly to the assessor
- Will be verified with staff & academic team
- Shall be approved and documented by the assessor.

The Institute offers flexible assessment procedures tailored according to each individual needs and requirements. If a candidate for assessment has a special need (e.g., disability), he/she needs to inform the Institute/assessor in advance to ensure that the need will be met during assessment.

Deferred Assessment

- You can apply to the Student Services & Academic Manager in writing for a deferred assessment giving the reason for the request.
- The application is to be made at least seven days prior to the due date of the assessment, except:
 - in emergency circumstances

- If the Student Services & Academic Manager is satisfied that you were unable because of illness or other exceptional circumstances to complete an assessment task, they may allow a deferred assessment.

Results & Awards - Final Results

Your final results will be issued to you on the completion of study for a competency or group of competencies. If a student only completes a part of the units within a qualification then a “Statement of Attainment” will be issued to the student reflecting the unit completed. It will list the code and name of the competency and the result you achieved. Students are requested to apply for this before leaving.

Interim academic transcripts

You can apply to receive an Interim Transcript (charges apply) anytime during your course. It will list the code and name of the competency and the result you achieved. Interim transcript cannot be used as a proof of academic achievement.

Issuing of Awards

A “Completion Certificate” & Transcript of Units completed is issued upon successful completion of your course. Your award will be issued within 21 days of the institute becoming aware that you are eligible to receive the award.

Note: A student cannot receive an award, transcript or statement of attainment with a USI verified by CTI.

Awards are issued to students who complete the necessary requirements. However, if a financial debt is owed to the institute at the time, your award will be withheld until the debt is cleared.

Replacement awards can be obtained to:

- recognise a name change
- replace a damaged award or
- replace a lost award

NOTE: *Additional copies of awards cannot be issued, that is, you can't have more than one copy of an award at any given time.*

You must officially apply for replacement award(s) from the Institute. You must include the original award with your application or a witnessed Statutory Declaration, declaring the circumstances if the original has been lost or destroyed. You will need to include a certified copy of evidence of name change if necessary.

26. ATTENDANCE MONITORING

Policy

An accurate record of academic performance and attendance will be kept for each student.

A student is only allowed to defer commencement or suspend studies of a course on medical grounds (with a doctor's certificate) or other exceptional compassionate circumstances (such as death in the family). Where a student defers commencement or suspends studies on any other grounds without CTI's prior approval, CTI will report the student to DHA via PRISMS, as not complying with visa conditions.

Attendance of all students at Canterbury Technical Institute (CTI) will be monitored on a weekly basis.

The CTI roll is a legal document that records the attendance of students. As it is legal document it is to be treated with care and must not leave the Canterbury Technical Institute premises.

Procedures

1. All trainer/assessors will use the same standard roll document. These roll documents are legal documents and must not leave the CTI premises.
2. All trainer/assessors are provided with a class roll when the study period commences.
3. CTI trainer/assessors will check the attendance during each 2-hour session, commencing at the start of every session.
4. The trainer/assessors will check and verify that the attendance roll filled is correct and accurate before submitting to the Reception to be entered into RTO Manager. Clarity and accuracy is important in marking attendances because incorrect information can lead to student visa cancellations.
5. Following is the key, for an attendance marking:
 - a) P (Present) - If a student is present all session / day
 - b) A (Absent) - If a student is absent all session / day
 - c) HS (Half Session = 1 hour) - If a student turns up after 15 minutes after the session has commenced.
 - d) S (Sick) - If a student has called in sick
 - e) E (Excused) - If a student has been excused from class due to emergency reasons or on compassionate grounds
6. The Student Services & Academic Manager is responsible for the checking, monitoring, reporting and collating data regarding attendance.
7. Trainer/assessors are required to notify the Administration Coordinator when a student fails to attend regularly.
8. Student Services Department will monitor attendance on a weekly basis.
9. Attendance of all students is monitored weekly when the roll data is inputted into the RTO Manager program.
10. The Student Services & Academic Manager will discuss with regards to the students at risk of failure and visa cancellation with the Principal Executive Officer.
11. Students are advised to arrange their holidays during the semester breaks.
12. Medical Certificate from a registered medical practitioner is required from students who are absent for more than two days due to illness.
13. A receipt for medical or hospital fees cannot be accepted in lieu of a medical certificate. Letters of explanation for student absences other than illness should be provided to Student Services so that acceptable absences may be credited towards attendance.

CTI has adopted the DOE-CRICOS Course Progress Policy for VET overseas students. CTI has also adopted internal policy to monitor the attendance of each student.

Student Services & Academic Manager and the office administration staff will be responsible for entering and monitoring weekly student attendance.

The attendance of each student enrolled with CTI will be monitored as attendance is necessary for good course progress. DOE Course Progress Policy does not require the College to report unsatisfactory attendance under the conditions of the overseas student visa. However, as part of

our academic support and monitoring, our internal policy is that all students must attend classes and we record attendance at every class.

Leave

The Student Services & Academic Manager in conjunction with the Principal Executive Officer may consider granting the student special leave for compassionate reasons if evidence is supplied for approval.

Illness

In cases of illness, students must provide certified documents (i.e. Medical Certificate) from a registered Medical Practitioner. The documents must state the reason for their absence and the dates they were deemed unfit for class. The documents must also clearly state the Medical Practitioner's contact details. Students must make a copy of these documents and write their student number on the copy before submitting it to their teacher for filing. The students must keep the original documentation in the event of an audit or appeal.

27. COMPLETION WITHIN EXPECTED DURATION

CTI's policy is to ensure that all students complete the qualification that they are enrolled in within the expected duration as specified on the student's COE. CTI will only consider extending a student's study if they fall under the conditions specified in Standard 9 of the National Code.

CTI will review each student's case based on the evidence and reasons submitted by the student if the student is either requesting a deferment or if he /she is not expected to complete the course within the expected duration. CTI will only amend / extend the duration of the COE only if the student has **compassionate or compelling circumstances**, which are beyond the control of the student and which have an impact upon the student's program progress or wellbeing. These could include, but are not limited to:

- Serious illness or injury, where a medical certificate states that the student was unable to attend classes;
- Bereavement of close family members such as parents or grandparents;
- Major political upheaval or natural disaster in the home country requiring emergency travel when this has impacted on the student's studies; or
- A traumatic experience which could include:
 - Involvement in, or witnessing of a serious accident;
 - Witnessing or being the victim of a serious crime.
 - When this has impacted on the student. (Note these cases should be supported by police or psychologists' reports)
- Where the registered provider was unable to offer a pre-requisite course/unit; or
- Inability to begin studying on the program commencement date due to delay in receiving a student visa.
- **Where there is a variation in the student's enrolment load, which may affect the student's expected duration of study in accordance with 9.2, CTI will record this variation and the reasons for it on the student file. CTI will correctly report the student via PRISMS and/or issue a new CoE when the student can only account for the variation/s by extending his or her expected duration of study**
- **CTI may allow the student to undertake no more than 25 per cent of the student's total course by distance and/or online learning. However, CTI will not enroll the student exclusively in distance or online learning units in any compulsory study period.**

Note: *CTI does not consider family engagements & marriage to be a compassionate or compelling circumstance, which is beyond the control of a student. CTI recommends that students plan their family engagement / weddings during study period breaks. Students are encouraged to discuss their individual cases with the Student Services & Academic Manager (SSM) / Principal Executive Officer (PEO) before making any arrangements.*

- An intervention strategy has been implemented to assist the student to successfully complete the course of study
- An approved deferment or suspension has been granted under Standard 13.

Where a student is applying for an extension to the duration of the course as specified on the COE relevant documentation must be presented to the PEO or SSM for approval.

28. LEAVE APPLICATION / COURSE CANCELLATION / COURSE SUSPENSION / COURSE DEFERMENT

CTI will consider “approved leave” / course deferment / cancellation conditional to the student’s circumstances at the time when students makes the request. CTI will consider approving leave / deferment / course cancellation to student on compassionate and medical grounds. In case of any other situation or requirement, the Student Services & Academic Manager will evaluate the situation on a case by case basis and make the decision of approving / denying students request for leave / deferment / cancellation.

Leave of Absence

CTI expects its students to plan their course of study without any interruption based on the study period dates and break periods. However, CTI does understand where this is not possible CTI makes reasonable provision for students who cannot do so to temporarily suspend their studies

Student cannot request leave/s of absence until they have officially commenced their course of study. Request for leave should be made via a “Student Request” form and be submitted to the Student Services & Academic Manager.

CTI will consider all leave application based on DHA rules on the basis of compassionate or compelling circumstances. Students must realize that a request for Leave / Course Deferment / Cancellation will affect their student visa and / or the duration of their course of study. This information will be provided by the Principal Executive Officer through the orientation program and also when making the application for leave.

Students will normally be required by DHA to leave Australia for the period of the Leave of Absence where it exceeds 28 days. Students should be aware of their visa durations and must make appropriated arrangement to renew / extend their visa prior to leaving Australia.

Approved Leave of absence will not be considered as an “absence” and will not affect the student’s overall attendance percentage. The students’ needs to contact CTI and make arrangements prior to returning to CTI with regards to the course timetable and possibility of continuing their course from where they stopped. If a student fails to report to campus after the period of approved leave of absence, following efforts by CTI administration staff to contact the student, CTI will report the student to DHA via PRISMS as “student notified cessation of studies”. CTI is not obliged to notify the student of the intent to report nor to allow 20 working days for an appeal.

Course Cancellation

Course cancellation may be initiated by either the student or CTI.

Student Cancellation

- Students wishing to cancel their enrolment must complete a “Student Request” form and submit to the Student Services & Academic Manager or Principal Executive Officer.
- Students wishing to cancel their enrolment prior to completing 6 months of study in their principle course must provide a letter of offer from an alternative provider. This is required under Standard 7 of the National Code and further information can be gained from CTI’s ‘Transfer between Providers Policy / Procedure’.
- All application documentation for the cancellation will be kept on the students file and DHA shall be notified via PRISMS of the decision to cancel the enrolment as a result of the student’s request.
- CTI will regard a student who fails to re-enroll in a study period as having abandoned their course and thereby deemed to have notified CTI of their cessation of studies. The student’s cessation will be reported on PRISMS, which may result in their visa being cancelled.

Provider Cancellation / Suspension

CTI has the ability to suspend / cancel a student’s enrolment on the following grounds:

Misbehavior

This may include but is not limited to:

Acts of discrimination, sexual harassment and vilification or bullying, and/or acts of cheating or plagiarism. Such acts of misbehavior will be classified into one of two categories.

Academic Misconduct (refer to **page 68**) & Behavioural Misconduct (refer to **page 69**)

- CTI may cancel the enrolment of a student who does not pay fees when they are due.
- Should CTI initiate the suspension or cancellation of a student's enrolment, it will notify the student of its intention and allow the student 20 working days to access the complaints and appeals process, unless extenuating circumstances relating to the welfare of the student apply.

PLEASE REFER TO SECTION 14: CTI'S COMPLAINTS & APPEALS PROCEDURES

- If a student appeals a decision to suspend or cancel his or her studies CTI will not report the student on PRISMS until the internal appeal process is completed, unless extenuating circumstances apply. The student's enrolment will be maintained until the internal appeal process is completed.
- Extenuating circumstances may include medical concerns, severe depression or psychological issues, endangers or threatens to endanger other students, or is at risk of committing a criminal offense. Claims of extenuating circumstances need to be supported by evidence.
- CTI will report the student's changed enrolment status on PRISMS once the internal process is complete, even if the student pursues an external appeal process.
- Student Services & Academic Manager (SSM) and / or the Principal Executive Officer (PEO) is responsible for ensuring students are reported on PRISMS when a decision is made to suspend or cancel their studies and for ensuring that all relevant correspondence and documentation is retained on the student's files.

Application procedure for Leave / course cancellation / course suspension / course deferment

A student's study duration will only be extended where it is clear that the course cannot be completed in the expected duration as specified on the COE:

- Student will make a written application requesting the PEO/ SSM for leave / deferment / cancellation.
- Student must attach all necessary evidence, while requesting for leave / deferment / cancellation. (*For example, medical certificates / death certificates in case of deferment due to death in the family. Airline ticket if student intends to cancel his course and return to country of origin*)
- The application will detail the following content:
 - Reason for leave / deferment (Medical / Compassionate / Bereavement / Parental / Family / Personal / Work related) or cancellation
 - Dates (start date & end date with date of return to the institution)
 - Details of what the study / course responsibilities are on the date(s) leave is requested for (*not applicable if applying for course cancellation*)
 - What arrangements the student would make to cover / catch up while absent (*not applicable if applying for course cancellation*)
- The written application will be reviewed by Student Services & Academic Manager and the student will be advised with the copy of the "leave / deferment / cancellation application" signed and authorised by PEO/SSM confirming on the top "Approved" or "Denied".
- An intervention strategy has been implemented to assist the student to successfully complete the course of study.
- **CTI will inform the student that deferring, suspending or cancelling his or her enrolment may affect his or her student visa; and**
- An approved deferment or suspension has been granted under Standard 13
- A copy of the same will be retained in the student's personal file.
- **CTI will notify the Secretary of DOE via PRISMS as required under section 19(1) of the ESOS Act where the student's enrolment is deferred, temporarily suspended or cancelled.**

29. TRANSFER BETWEEN REGISTERED PROVIDERS

Transfer from CTI to another provider and vice-versa for International Students

Under Standard 7.1, CTI will not knowingly enroll a student wishing to transfer from another registered provider prior to the student completing six months of his or her principal course of study. The principal course is the highest qualification in a package of courses.

The only exceptions to this are where:

- a. the original registered provider has ceased to be registered or the course in which the student is enrolled has ceased to be registered;
- b. the original registered provider has provided a release in PRISMS;
- c. the original registered provider has had a sanction imposed on its registration by the Australian Government or state or territory government or ESOS agency that prevents the student from continuing his or her course with that provider
or
- d. any government sponsor of the student considers the change to be in the student's best interest and has provided written support for that change.
- e. Also, for reasons as stated in the National Code 2018 Standard 7.2:

7.2.2.1 the overseas student will be reported because they are unable to achieve satisfactory course progress at the level they are studying, even after engaging with that registered provider's intervention strategy to assist the overseas student in accordance with Standard 8 (Overseas student visa requirements)

7.2.2.2 there is evidence of compassionate or compelling circumstances

7.2.2.3 the registered provider fails to deliver the course as outlined in the written agreement

7.2.2.4 there is evidence that the overseas student's reasonable expectations about their current course are not being met

7.2.2.5 there is evidence that the overseas student was misled by the registered provider or an education or migration agent regarding the registered provider or its course and the course is therefore unsuitable to their needs and/or study objectives

7.2.2.6 an appeal (internal or external) on another matter results in a decision or recommendation to release the overseas student.

Unless any of the conditions in National Code Standard 7.1 apply, CTI will not enroll a student before he or she has completed six months of the principal course. Importantly, cancellation is not equal to a letter of release as it is not one of the exceptions outlined in Standard 7.1. For best practice purposes, CTI will alert any student requesting cancellation of their course, without a release on PRISMS, to the serious visa implications of course cancellation.

In the event that a student applies to study at CTI and **has previously studied / completed** a relevant course with a registered provider in Australia then CTI would require the student to submit the following prior to accepting the student:

- A certificate confirming his course completion and / or
- A transcript detailing all the units completed within the qualification and
- Confirmation of good attendance record at the previous registered provider and
- Confirmation that the student has made all necessary payments towards fees at the previous registered provider

The student requesting a transfer has an accurate understanding of what the transfer represents to their study options, or that they still owe CTI course fees for their current qualification or that it is suspected that they are seeking transfer only to avoid being reported to Department of Home Affairs

(DHA) for failure to meet academic progress or attendance. The Principal Executive Officer will make the final decision as to whether to **grant / refuse** a letter of release for any student.

Procedure for assessing transfer applications from students wishing to transfer OUT of CTI

1. Students make a written request (e-mail is satisfactory) at reception to transfer to another provider.
2. The student must provide a valid offer of enrolment from the new institution.
3. With these documents sighted, the Principal Executive Officer will assess the transfer request considering the following points:
 - a) The student is fully aware of the study issues involved in the transfer
 - b) The student is not simply trying to avoid being reported to DHA for unsatisfactory course progress
 - c) The student has been provided with advice on CTI's procedures for applying for course transfer, including the need to formalize the request in writing stating the reasons for which they desire to transfer their course enrolment to another provider.
 - d) The student has provided sufficient evidence that the transfer is to their advantage
 - e) The student has been advised the their request may take up to 5 working days to assess.
 - f) **An application for transfer where a transfer is considered detrimental to the student's academic progress may be refused**
4. If the reasons as above are satisfactory and in accordance with policy, the release will be granted at no charge to the student and will be recorded in PRISMS. The student will also be advised of the need to contact DHA and obtain a new visa if the course they transfer to is not a Higher Education/VET course.
5. The Student Services office report student's termination of studies through PRISMS
6. If any of the points are unclear, they should be referred to the Student Services & Academic Manager (SSM) to interview the student to gain a fuller understanding of the circumstances.
7. The SSM will make a recommendation to the Principal Executive Officer if they believe the request should be refused or alternatively grant the letter of release. The Principal Executive Officer will inform the student in writing of a negative outcome with reasons and inform the student of his or her right to appeal the decision within 20 working days in accordance with Standard 10 of the National Code 2018 and CTI's complaints and appeals procedures.

Notes:

- All requests, considerations, decisions and records of release will be placed on student's file, and
- The approval of transfer of a student to another institution does not indicate the agreement to provide any refund. Refunds are governed by the refund policy independent of this policy.

30. STUDENT DISCIPLINE

Policy

CTI will at all times conduct its dealing with students in a fair and equitable manner, complying with specific requirements of the code of conduct and other relevant legislation in order to ensure equitable outcomes for both CTI and its customers.

CTI provides its students adequate access to appropriate guidance, support systems and welfare services. In doing so, CTI will ensure:

- a) Students and the public are protected from any physical, psychological, moral or emotional harm which may result from the teaching programmes or related activities;
- b) Teaching and management staff proactively implement intervention strategies if skill gaps of student achievement is identified;
- c) Support and guidance are appropriate to the mode of delivery for each particular course of study;
- d) Guidance, support systems and welfare services are made known to students;
- e) Any necessary health and safety procedures are made known to students.

Rules and Regulations

Rules and regulations that govern student behaviour are necessary in order to maintain a safe learning environment.

The Manager – Student Services will facilitate the regulations, and disciplinary Procedures relating to all programmes, through the Student Handbook.

Rules and regulations are provided to all students during their first day of study.

Rules and Regulations are commonly known by all teaching staff and enforced at all times, being communicated and explained in a manner that is empowering and non-threatening to students.

Students will be dealt with in a fair and equitable manner, should any of the rules and regulations be broken.

Managing Student Discipline

The Principal Executive Officer (PEO) will carry out disciplinary procedures and issue warnings to students.

The PEO, with the assistance of the Student Services & Academic Manager (SSM), will carry out dismissal procedures or suspend a student from their program.

All Serious Offences must be reported to the PEO/ SSM as soon as possible. The report may be verbal, but must be followed up in writing in the form of a report.

Disciplinary & Dismissal Procedures

An offence involving the rules and regulations can lead to dismissal, even instant dismissal. If you carry out a serious offence, CTI will carry out the following process:

Procedure:

- a) CTI will ensure that all the relevant facts are available. This may involve interviewing other personnel or students;
- b) Give the student the opportunity to explain;
- c) Consider the student's performance, duration on the programme and past actions, including any warnings or reprimands issued in the past by their teaching staff;
- d) Issue a verbal warning to a student who breaches CTI rules. The PEO/SSM will be informed immediately after the warning is given. (Any staff member can issue a verbal warning)

- e) The PEO/SSM will issue a written warning to a student after two verbal warnings have been given, or on any occasion in which a student breaches a rule, likely to lead to dismissal or suspension
- f) After a written warning has been issued, further breaches of CTI rules may result in suspension or dismissal at the discretion of the management and training team.
- g) CTI will make decisions that is supported and justified, based on objectivity (actual performances and behaviour);

Not with standing the above, instant suspension or dismissal may occur if a student:

- h) Attends any CTI course, while processing or under the influence of alcohol and drugs
- i) Poses a physical threat to CTI staff, students or property.

Where a dismissal occurs, all facts are kept confidential, unless the PEO deems the student to be a risk to CTI and it students and staff. In an instance such as this, information will be disclosed only to reduce or manage such risks.

Students have the right to appeal the decision of dismissal in accordance to the complaints and appeals policy and procedures.

The PEO/SSM can suspend a student immediately should their behaviour cause any risks to CTI staff and / or other students.

31. CANCELLATION OF QUALIFICATION OR STATEMENT OF ATTAINMENT

The Institute may cancel an award if it was issued in error or it was found that the award was based on false or misleading representations. If the Institute cancels your award, you will be advised in writing.

You must return the cancelled award to the institute within 21 days of receiving written notice from the institute. You have the right to appeal this decision through the Principal Executive Officer.

Occupational Health and Safety

As a student, it is your right to study in a healthy and safe environment and to be provided with information about hazards as well as opportunities for training and supervision to minimise these hazards.

As a student, it is your responsibility to co-operate with Canterbury Technical Institute in its legislative responsibility to secure the health and safety of other students and staff to ensure the safe working practices of your colleagues. The Occupational Health and Safety policy ensures that a safe and healthy environment is provided for all students and employees in the Institute.

All accidents, whether injury producing or not, must be reported to the Student Services Office. The reporting of injuries enables us to investigate and eliminate hazards and unsafe work practices, thus ensuring safe work conditions for students.

Always remember to:

- Use safe work practices
- Ensure the equipment you and your student's use is safe.
- Speak up if you see an unsafe condition or work practice.
